GOVERNMENT HOUSE

My dear Sir

As the Senior Surgeon has selected Assy. Surgeon Fenwicke for appointment to the 2nd L. Regt-6 Cavalry, he might be appointed. Until the question of the removal of the lines is definitely settled, it would be premature to build a Hospital or Medical Officers Quarters near the present Sewer Lines. There is already a Dispensary in the Lines. The only point to decide is whether the Lines are to be removed or not. It remains for the Govt. to settle that. I have nothing to urge against the removal, as probably better stables & equally good lines will be built.

Sir,

With reference to this Office No 2141 of 28th May 1892 and order thereon No 4360/39 of the 7th instant I have the honor to forward herewith a statement showing the result of the Circular inquiring what Assistant and Sub Assistant Surgeons are willing to serve with the Imperial Service Corps.

2 From this statement it will be observed that two are unwilling to serve with the Corps, two express their willingness without asking any questions as to Conditions &c, whilst the remainder want to know what the Conditions are as to pay prospects &c before replying definitely.

I classify them as follows:-
willing — 2
willing (on Deputation) — 2
want information — 5
Non willing — 2
Total 11

3. Of Course Government can compel any of these officers to serve with the Corps under pain of dismissal on refusal

Cont.

but all the same I thought it might be well to ascertain their ideas on the subject, as ceteris paribus the selection would naturally be made from amongst those desirous of serving with the Corps.

4 As regards the pay prospects of the Assistant Surgeon or Sub Assistant Surgeon if eligible, who may be appointed to the corps I would propose as follows:—

(a) that he should remain in the Graded list as at present.

(b) that his pay shall remain the same as if in Civil employ while serving within the Mysore State, but if he proceed on service out of the Mysore State he shall receive an increase of pay of Rs 50/- per mensem while so employed plus whatever batta he may be entitled to.

(c) that his service shall Count for promotion as if in Civil employ.

(d) that if his services should be retained with the Corps after he became sufficiently senior to be promoted to the Grade of Civil Surgeon and is considered eligible for such promotion he shall receive the pay of a Civil Surgeon 3rd Grade

Grade, and Service with the Corps shall qualify
for further advancement to the Grade of Civil
Surgeon.

5th I would also suggest that he may be
provided with free quarters near the limits
of the Corps, and that an hospital for in patients
be constructed with a dispensary for out patients
attached.

Officer Her Majesty's Forces Bangalore on

2. It is very necessary that a Medical Officer should be appointed at once to the Regiment, although there is no regular hospital - as the Officers are entitled to Medical attendance at their quarters - also it frequently happens that men report sick about the truth of which there is doubt and they should be examined by a responsible Officer - also Officers now go on the sick list without any General authority which is subversive of discipline.

As I understand the Government has sanctioned the services of a Medical Officer I would request the favour of your kindly appointing one at an early date. On being informed by you of this pay I would enter the same in the Military Budget.
